

## Invite to Bridgend Inspiring Growth's Food group

Bridgend farmhouse, a community owned centre for learning, eating and exercise is looking for local people to come join us to shape the future of the farmhouse café, training kitchen, possible catering opportunities for events on site, the possibility of a food growers market and many other exciting food projects.

As we look forward to the opening to the public at the end of this year (2017) of our refurbished building we want your ideas and experience to make the centre a place where we help people to live healthier and happier lives.

We look forward to an inclusive space where people can find healthy affordable food, using local produce from Bridgend where we can, and the Bridgend community can address social isolation and be a place to strengthen community involvement.

Bridgend farmhouse café will be a social enterprise giving local people the opportunity to gain training and qualifications through its training kitchen. The café will also be a great asset for community cooking/ catering.

Working with Bridgend's development team the farmhouse community will create innovative solutions to address food poverty.

In addition to the café the farmhouse will offer the community great spaces in its workshops, meeting spaces and event space to suit everyone including our Bothy and outdoor kitchen coming soon, so no need to wait for the official opening as we can get started with events now.

If this sounds of interest to you then we look forward to welcoming you to our first meeting on

**20<sup>th</sup> February 2017,**

**At 3pm**

**Priestfield Parish church**

**2 Marchall Place,**

**Edinburgh, EH16 5HW**
